

Records Retention Schedule

RPL-LEG-RRS-001 v7.2

Rockridge Power & Light Company

Document ID	RPL-LEG-RRS-001
Version	7.2
Approved / Effective	2025-01-23
Prepared by	Jonathan Pierce, Senior Counsel Regulatory (P03)
Reviewed by	Elena Vasquez, Manager Regulatory Affairs (P08)
Approved by	Sandra Kim, Director EHS (P24)
Supersedes	RPL-LEG-RRS-001 v7.1 (2024-04-01)
Law As-Of	2024-12-31 (Snapshot S1)
Record Series Count	86
Wave 2 Clause Refs	55 of 86 series

1. Purpose

- This Records Retention Schedule establishes the authoritative policy of Rockridge Power & Light Company (RPL, IURC ID 99012) governing the creation, maintenance, retention, and lawful disposition of all Company records.
- RPL operates as an investor-owned electric distribution utility serving 407,491 customers across 14 west-central Indiana counties, under IURC jurisdiction and subject to FERC jurisdiction for wholesale power purchases.
- Version 7.2 (law as-of 2024-12-31) covers 86 record series with retention periods ranging from 6 months to permanent, with 55 series cross-referenced to Wave 2 operating procedures.

2. Scope

- All record types: customer service, metering, distribution operations, environmental, safety, financial, legal/regulatory, HR, and general corporate.
- All media: paper, electronic, enterprise systems (CIS, OMS, AMI-HES, GIS, WAM, EHS-IMS), email, maps, and drawings.
- Geographic scope: Lafayette HQ (400 Wabash Commons Drive), DCC, Meter Lab, and service centers at Crawfordsville, Terre Haute, Frankfort, and Danville.

4. Regulatory Framework

- IURC: 170 IAC 4-1-3 (3-year general minimum), 170 IAC 4-1-4(b) (permanent meter records), 170 IAC 16-1-4(b) (6-month dispute records), IC 8-1-2-40 (inspection rights).
- FERC: 18 CFR Part 125 (plant accounts permanent; general ledger 10 years; fuel records 7 years).
- EPA: 40 CFR 112 (SPCC, 3 years), 40 CFR 761.180 (PCB manifests, 25 years), 40 CFR 262.40 (hazardous waste, 3 years).
- IOSHA: 29 CFR 1904.33 (OSHA 300 logs, 5 years), 29 CFR 1910.1020 (medical records, employment + 30 years).
- Tax: 26 USC 6501 (7-year company practice for all tax records).

5. Key Retention Principles

- Trigger Event Rule: Retention begins from the specified trigger event (creation, relationship end, final resolution, etc.).
- Dual-Requirement Rule: Where multiple requirements apply, the longer period governs.
- Litigation Hold Override: Legal holds suspend scheduled destruction regardless of retention period expiration.

- Destruction Authorization: Records may not be destroyed before their period expires without written sign-off from the Records and Information Manager.
- Company Practice: Periods labeled 'company practice' exceed regulatory minimums and are binding RPL policy.

7. Vital Records Program (20 Series)

- Tariff schedules, rate case files, meter permanent records, GIS/distribution maps, SPCC plans, general ledger, tax returns, corporate charter, franchise agreements, and BCP.
- Off-site duplicate copies required outside the Lafayette hazard zone.
- Recovery priority: operations restoration > regulatory obligations > financial/legal rights > customer records.

8-9. Legal Holds & Disposition

- Legal holds issued within 3 business days of triggering event; custodians confirm within 5 business days.
- Destruction requires: (1) retention period satisfied, (2) no active legal hold, (3) written Destruction Authorization, (4) Certificate of Destruction filed under RRS-GEN-002.
- Certificates of Destruction retained 10 years (RRS-GEN-002).

6. Record Series Summary

Category	Series Range	Count	Key Authorities
Customer Service	RRS-CS-001 – 010	10	IURC
Metering	RRS-MTR-001 – 008	8	IURC
